Dear Dan:

Here is your transcript. You have a mighty good record.

Thank you for your good wishes. We all seem to be well, as well as being kept busy at the ole IFEL. With so many overlapping classes there is usually much activity -- and much traffic!

Next week we anticipate a visit from Captain Lang; it will be his first return to the Institute since he left way back in early 1952.

All good wishes on your return to college studies. I am sure the study habits enforced on you-all here will stand you in good stead!

Sincerely,

Dan Lyne
